Career Focus

While continuing to pursue a credited education in the technology field, I am going to actively continue professional development, focusing on leadership roles within AMAZON.

Education

- Coursera | Online
- Google IT Support Professional Certification | August 16, 2021
- m1m0 | Online
- Web Development; Python; SQL | November 04, 2021

Experience

October 01, 2014 – May 27, 2017

Information Technology Specialist (25B) | Army Reserves | United States

As an Information Technology Specialist, I would maintain, process, and troubleshoot military computer systems and operations. I dealt with highly sensitive information and needed to have technical skills and aptitude for programming and computer languages.

September 2016 – Present

Inbound Lead Fulfillment Associate; Learning Coordinator | Amazon | United States

As a Lead Fulfillment Associate, I was responsible for planning and executing flow paths, maintain and improve processes, and performer delegated duties from the Area Manager. As a Learning Coordinator, I was responsible for creating training schedules for operations teams, overview compliance, and delegating tasks to trainers and learning ambassadors.

Awards & Acknowledgements

- Awarded 12 medals and 3 badges during my service time
- Received 2 Employee of the month awards from 2 employers
